

# Science Quiz 1

Living Things and Their Needs  
Characteristics of Plants and Animals

## 1. Living things

7 pc

Select the correct answers

*Check all that apply.*

- Eat
- Grow
- Breathe
- Reproduce (make more of themselves)
- Recycle
- Swim
- Move
- They have senses
- Excrete (remove waste from their body)

## 2. Living things need

4 pc

Check all the boxes that represent the basic needs of living things

*Check all that apply.*

- Air to breathe
- Water to drink
- Sunlight
- Food to eat
- Sleep
- Shelter

3. Non living things can be

1 p

Choose the correct answer

*Mark only one oval.*

- Man made
- Natural
- All of the above

4. Water is a

1 p

Choose the correct answer

*Mark only one oval.*

- Living thing
- Non living thing

5. Clouds are

1 p

Choose the correct answer

*Mark only one oval.*

- Living things
- Non living things

6. Soil is a

1 p

Choose the correct answer

*Mark only one oval.*

- Living thing
- Non living thing

7. Movement in plants and animals is the same

1 p

Choose the correct answer

*Mark only one oval.*

True

False

8. Which statement does NOT relate to reproduction

0 pc

Check the boxes that do NOT relate to the concept of reproduction

*Check all that apply.*

Males and females of the same species can mate and make offsprings

Producing a new one of itself

Plants depend on animals for survival

Laying eggs

Producing seeds and making new plants

Process of producing more of your own kind

Animals depend on plants to survive

Having babies by giving birth

9. All animals reproduce?

1 p

Choose the correct answer

*Mark only one oval.*

True

False

10. Sensitivity in plants and animals means: “ sensing and responding to the environment”

1 p

Choose the correct answer

*Mark only one oval.*

True

False

11. NOT all animals have senses?

1 p

Choose the correct answer

*Mark only one oval.*

True

False

12. What are the 5 senses?

5 pc

Choose all of the correct answers

*Check all that apply.*

Touch

Seeing (sight)

Screaming

Hearing

Sniffing

Tasting

Smelling

Spitting

Staring

13. How do animals excrete?

3 pc

Choose the correct answer

*Mark only one oval.*

- Doing poos
- Sweating
- Exhaling carbon dioxide
- Urinating
- All of the above

14. Plants do NOT excrete waste

1 p

*Mark only one oval.*

- True
- False

15. Excretion means

1 p

Choose the correct answer

*Mark only one oval.*

- Getting rid of waste
- Reproducing waste
- Collecting waste

16. When plants grow from their stems it is called:

1 p

Choose the correct answer

*Mark only one oval.*

- Production of stems
- Stem cutting
- Reproduction of stems

17. How to plant reproduce?

5 pc

Select the correct answers

*Check all that apply.*

- From seeds
- From their roots
- From their stems
- From their leaves
- They can grow without producing seeds

18. Plants are living things

1 p

Choose the correct answer

*Mark only one oval.*

- True
- False

19. What basic needs do animals and plants have in common?

3 pt

Check the correct boxes

*Check all that apply.*

- Water
- Food/nutrients
- Space
- Shelter
- Sunlight

20. Plants need soil to survive.

1 pt

Choose the correct answer

*Mark only one oval.*

- True
- False
