Listen to the song:

Fill in the blanks the missing words you hear:

Different Homes

Where on Earth do you live? Where on Earth is your home?

The climate, plants, and animals make your biome your home.

The 1 desert is hot and dry

Not much can grow on the land

But the 2 _____ walks through the sand.

The 3 _____ has no trees

It's cold but small flowers grow

And the 4 _____ plays in the snow.

The 5 _____ has tall, tall grass

It's dry and the wind is strong

And the 6 _____ runs all day long.

The 7 _____ is full of green trees

The sun shines warm and bright

But the 8 _____ sleeps until night.
