

Listen to the song:

Fill in the blanks the missing words you hear:

Different Homes

Where on Earth do you live? Where on Earth is your home?

The climate, plants, and animals make your biome your home.

The **1** desert is hot and dry

Not much can grow on the land

But the **2** _____ walks through the sand.

The **3** _____ has no trees

It's cold but small flowers grow

And the **4** _____ plays in the snow.

The **5** _____ has tall, tall grass

It's dry and the wind is strong

And the **6** _____ runs all day long.

The **7** _____ is full of green trees

The sun shines warm and bright

But the **8** _____ sleeps until night.
