

Pick and choose the words of comparative and superlative adjectives found in the text and write them to the right column.

### Sumatra

Sumatra is a long narrow island. It is the largest island that belongs to Indonesia alone. Borneo is larger than Sumatra but it is shared with Malaysia and Brunei. Many people visit Sumatra to see Lake Toba. It is the biggest lake in South-East Asia. Sumatra also has Indonesia's highest volcano, Mt. Kerinci. Surfers like to visit Sumatra because it has some of the tallest waves in the world.

Sumatra took the worst damage from the tsunami that hit Indonesia in 2004. Thousands of people living on the coastal plains were killed by the huge waves. A small island near Sumatra called Weh is the farthest west of all the Indonesian islands.

Comparative adjectives	Superlative adjectives

	5. _____
	6. _____

**Write the superlative adjectives found in the text and write them in the column below.**

### Java

Java is the main island of Indonesia. Java is the most populated island in the world. It is also home to the capital city, Jakarta. Jakarta is the seventh largest city in the world. Almost nineteen million people live there. Java has thirty-eight mountains, most of which are volcanoes. Mt Merapi is the most active volcano. Its crater is constantly smoking. The highest volcano is called Mt. Semeru. It is three thousand six hundred and seventy six metres tall. Mt. Bromo is not the most famous, the most active or the biggest volcano in the world, but it is one of the most beautiful.

Off the coast of Java is the world's most famous and most destructive volcano, Krakatoa. When it erupted in 1883, it killed almost forty thousand people and destroyed the island it was part of.
