My name is Annie. I like walking on the mountain. During the week, I wake up early and go for a small walk on the mountain. I usually go with my father or my brother. We like getting some fresh air before we start our day. We live in the countryside far away from the city. We think that our daily life is wonderful because we don't get too much noise or pollution as in the city. We often walk for about one hour and then return to our home. My father takes his car and goes to town to work. He works in a clinic. He is a vet and he loves to help animals. My mother is a housewife. She stays home and takes care of us. We have three dogs and two cats. I love them very much!
