<p>For thousands of years, humans (1) _____ the Earth.</p> <p>Nowadays, we have studied space. Astronomers are the modern-day explorers.</p> <p>Currently, many astronomers (2) _____ for new planets and new places for humans to live in the future. But where do astronomers start looking?</p> <p>First of all, astronomers look for a star. That's because our own Earth (3) _____ a star (the Sun). More importantly, it is the correct distance from the Sun for heat and light. So when astronomers have found the star, they look at the planets around it. In recent years, astronomers (4) _____ nearly 400 new planets with stars. Unfortunately, many of these planets are either too near to the star or too far away.</p> <p>However, if the planet is in a good position, astronomers look for three key things: water, air and rock. Water is important because all life (5) _____ water. Humans can drink it and they can also grow plants with water.</p>	<p>EXPLORE</p> <p>LOOK</p> <p>ORBIT</p> <p>FIND</p> <p>NEED</p>
<p>After many years of looking, astronomers (6) _____ a planet that is similar to Earth. It's Gliese 581g and it's near a star. The astronomers think it (7) _____ water and rock and the average temperature is between -31°C and -12°C. Gliese 581g is bigger than the Earth and a year on Gliese 581 is only 37 Earth days instead of 365. But astronomers (8) _____ these are big differences and some of them think Gliese 581g will be a new Earth.</p>	<p>DISCOVER</p> <p>HAVE</p> <p>NOT THINK</p>

4) Exam task

<p>Come on, Norway; this isn't even a competition anymore! For the last eight years, Norway (1)_____ the highest quality of life among the world's nations. It is one of the wealthiest countries in the world – only Luxembourg and a couple of others are richer. Its citizens</p>	<p>EXPERIENCE</p>
<p>(2)_____ quite good salaries at their jobs. Norwegians can also expect to get a good education. Schools and universities (3)_____ a great level of education. Also, Norwegians can find the job they want – unemployment is only 2.5 per cent, so they (4)_____ as happy people since the beginning of this century. They also enjoy good health and live a long life. In fact, Norwegians (5)_____ for quite a time. People say the prisons are quite comfortable too! So, people (6)_____ their lives in this country in all its aspects!</p>	<p>GET</p> <p>OFFER</p> <p>WORK</p> <p>EXERCISE</p> <p>ENJOY</p>

4) Exam task

<p>When is cleaning walls a crime? When you (1)_____ it to create art, obviously. A number of street artists around the world already (2)_____ expressing themselves through a practice known as reverse graffiti. Inspired by the 'clean me' messages that you see written on the back of some trucks, they find dirty surfaces and inscribe them with images or messages using cleaning brushes or pressure hoses. Brazilian artist, Alexandre Orion, turned one of São Paulo's transport tunnels into an amazing mural in 2006. He (3)_____ away the dirt for 3 months for this! The anti-pollution message of the reverse graffiti artists (4)_____ city authorities since the main argument against graffiti is that it spoils the appearance of both types of property: public and private. This was what Leeds City Council said about Moose's work: 'Leeds</p>	<p>DO</p> <p>STARTED</p> <p>SCRAPE</p> <p>CONFUSE</p>
--	---

residents want to live in clean and attractive neighbourhoods. We always (5)_____ this kind of advertising as environmental damage' It seems that they (6)_____ no action against the advertisers. As for the Brazilian artist's work, the authorities were annoyed but could find nothing to charge him with. They have no other option but to clean the tunnel – but only the parts Alexandre already (7)_____. The artist merely continued his campaign on the other side. The city officials then decided to take drastic action. They not only cleaned the whole tunnel but also every tunnel in São Paulo.
