1 Choose the correct word.

Last weekend, my mum and dad ¹ (1) **did / took** a short holiday. They thought it would (2) **do / make** my sister and me good to be on our own for two days. As they drove away, my sister and I waved goodbye and shouted, (3) **Take / Have** a good time! My parents had trusted me to (4) **have / take** care of my sister, and I was determined to do it. I thought our first job should be to (5) **do / make** the housework, but I soon realised that I had (6) **done / made** a mistake: my sister wouldn't even (7) **do / make** an effort to help. When I told

her to (8) **do / make** her homework instead, she only (9) **had / made** a fuss and shouted. As if that wasn't bad enough, when I told her to (10) **take / make** a bath before going to bed, she just laughed and (11) **did / made** fun of me! That was it! I (12) **did / took** a decision to teach her a lesson. I called my friend Dave and asked him to (13) **do / make** me a favour and help me play a trick on my sister. But Dave (14) **made / took** pity on her and wouldn't (15) **have / take** part in my plan, so I had to forget it. I (16) **did / made** up my mind that there was nothing else I could do until my parents got back.
