# Task 6a) Reading and grammar

### Get up later, be a better student!

Doctors recently tested two groups of teenagers. Group A started college at 8 a.m. and Group B started 30 minutes later.

The doctors' conclusions were:

Group A: They got worse exam results, they thought school was more boring and they were unhealthier.

Group B: They were **happier** than the other group, they got **better** results and they were healthier.

So 30 minutes more sleep makes better students!

4 Now complete the rules. Drag and drop the words in the box to the correct place.

worse than more interesting than

better earlier than

## Comparatives

#### Short adjectives

My classes are ...... your classes.

#### Long adjectives

English is ...... maths.

#### Irregular adjectives (good/bad)

1	Read	the	report.	Which	group	was	healthier?
---	------	-----	---------	-------	-------	-----	------------

Group A Group B
