

Label the map with the autonomous communities, autonomous city and countries missing:

Write the missing letters:

A. C__nt__br__an Sea

B. Fr__nc__

C. And__rr__

D. M__dit__rran__an Sea

E. P__rtug__l

F. M__r__cco

G. Atl__nt__c Oc__an

Write TRUE or FALSE. Correct the false sentences:

- The bodies of water surrounding Spain are the Cantabrian Sea, the Pacific Ocean and the Mediterranean Sea.
- _____
- Spain is located in the Northern Hemisphere, in Europe.
- _____
- Spain is divided into 17 autonomous communities.
- _____
- Spain has borders with four countries.
- _____

Complete the sentences choosing the correct option:

Spain is located in the Northern / Southern Hemisphere.

The Spanish Constitution of 1978 / 1988 divides Spain into 17 / 19 autonomous communities.

Each autonomous community has a capital / province and a government. Some have their own dialect / language.

Autonomous communities are responsible for public services / social services such as education, healthcare and tourism.

Spain also has two autonomous provinces / cities in North Africa: Ceuta and Melilla.
