CHIODI LATINI NEW FOOD RESTAURANT.

Chiodi Latini is 56, and until three years ago he was well known in certain local circles for his elaborately presented dishes such as .....pasta with edible flowers or perfect cylinders of .....beef. The menu at his restaurant, Chiodi Latini New Food, is no less fashionable, but completely .....of all animal products.
"My old .....say: 'It's amazing how you used to cook, you were good at making.....soup, and lovely.....," says Latini, who opened for business on the top floor of the elegant villa this summer, becoming .....himself three years ago for health reasons. "But people want to.....new things, and spend an evening eating food that makes them feel good with their own body and soul."

L'ARTICICIOCC

At L'Articiocc, a café in central Turin specialising in meat-free Ligurian food, a set .....offers three .....from a selection behind the counter. I go for gnocchi tossed in a .....red pesto made with ground nuts instead of parmesan, a .....and quinoa bake and a vegetable focaccia. The .....chocolate and almond torte is .....impressive,though.

Feast (Vegetarian),Long Row, off market square, 0256 955 101

Feast .....in vegetarian and .....food and offers mainly light as meals and ....the room is quite small, the atmosphere is cosy, due to the size of the room. And the coffee and .....cakes which they serve during the day are so good that you'll want to come back. Feast becomes more of a bar in the evening, ...look out for different DJs during the week.

Marcelo's (Italian), Lower East Street, 0265 979 994

Marcelo's is .....restaurant that is good at .....for big parties. They serve a wide .....of Italian food, and all pizzas and pasta dishes are .....priced. The restaurant itself is .....in an elegant Mediterranean style and has such an authentic Italian....., complete with soft Italian music in the background, that you could easily forget which country you're in. They do a two-for-one deal on selected meals t..... the week so be sure to check which nights these are available.
