

# We're good

\_\_\_\_\_ on an island  
Even when you're close  
\_\_\_\_\_ take the silence  
I'd rather be alone  
I think \_\_\_\_\_ pretty plain and simple  
We gave it all we could  
It's time I wave goodbye from the window  
Let's end this \_\_\_\_\_ we should and say we're good

- ( ) Let's end it like we should and say we're good
- ( ) So let's at least agree to go our separate ways
- ( ) Not gonna judge you when you're with somebody else
- ( ) We're not meant to be like sleeping and cocaine
- ( ) As long as you swear you won't be pissed when I do it myself

No need to hide it  
Go \_\_\_\_\_ what you \_\_\_\_\_  
This won't be a burden if we both \_\_\_\_\_ hold a grudge  
I think it's pretty plain and simple  
We gave it all we could  
window / I / goodbye / time / I / wave / from / the / it's

\_\_\_\_\_  
Let's end this like we should and say we're good

Chorus

me / this / holding / Now / against / you're

\_\_\_\_\_  
Like I knew you would  
I'm \_\_\_\_\_ my best to make this easy  
So don't \_\_\_\_\_ me that look, just say we're good

Chorus
