Learning Experiencie 7:

Inventions and Technology in our Lives!

5th. Grade

Monday, October 4th. 2021

Activity 3:

DO IT YOURSELF!

LEAD IN:

2. **Match** the invention with the problem they solve.

1.

2.

3.

A. We don't have enough natural light at night, which does not allow us to carry out activities when the sun goes down.

B. It takes too long to go from one plane to another just by walking. Some people walk for hours to get to their jobs or to school.

C. We can't communicate with people when they are not in the same place as we are. We can send a letter, but it would take too long for them to receive it.

LIVEWORKSHEETS
