

CLB4A – Writing – SKILL BUILDING –

Read the paragraph below and copy each section into the correct spaces below. Make sure the punctuation and copy correctly.

There are many reasons why people visit their family doctor. It is usually easier to get an appointment with your general practitioner than to wait at the clinic or emergency rooms. Also, you can get a clearer idea of what is wrong because the GP has your history there with them. Finally, seeing your family doctor is a good way to stay one step ahead of any health concerns. In conclusion, making an appointment to see your general practitioner has many advantages.
