

Name _____

Mathematics

Probability Using a Spinner

A. Using the spinner, write the probability as a fraction. Remember to put your answers in lowest terms.

1. What is the probability of spinning and landing on a 3? _____

2. What is the probability of spinning and landing on a 2? _____

3. What is the probability of spinning and **not** landing on a 1? _____

4. What is the probability of landing on a number less than 3? _____

5. What is the probability of landing on a 1? _____

6. What is the probability of landing on a number greater than 3?

7. What is the probability of spinning and landing on a 2 or 3? _____

B Using the colored spinner, write your answer as a fraction in lowest terms.

8. What is the probability of the spinner landing on red? _____
9. What is the probability of the spinner landing on green? _____
10. What is the probability of the spinner landing on red or blue? _____
11. What is the probability of **not** landing on yellow? _____
12. What is the probability of **not** landing on blue? _____
13. What is the probability of not landing on green or yellow? _____
