***Read the text and choose the word which best fits each gap of the passage.***

The United States has many different types of families. While most American families are traditional, (33)_____ a father, a mother and one or more children, 22 percent of all American families in 1998 were headed by one parent, usually a woman. In a few families in the United States, there are no children. These (34) _____ couples may believe that they would not make good parents; they may want freedom from responsibilities of childbearing; or, perhaps they (35)_____ physically able to have children. Other families in the United States have one adult who is a stepparent. A stepmother or stepfather is a person who joins a family by marrying a father or a mother.

Americans tolerate and accept these different types of families. In the United States people have right to privacy and Americans do not believe in telling other Americans what type of family group they must belong to. They respect each other's choices regarding family groups. Families are very important (36)_____ Americans.
