

Complete activities 3.2.1 and 3.2.2 in the workbook

Activity 3.2.1

Match the following based on the type of bias.

1. Aggregate bias		Enabling quick decisions and judgments
2. Availability bias		People deciding what happened before investigating
3. Anchoring bias		A person using data that describes trends for the broader population
4. Confirmation bias		Locking onto a specific feature or set of features of information
