Oral Test

Practice the pronunciation and rhythm of this song.

Going on Vacation

Going on **vacation** is a lot of fun,
But accidents can happen to anyone.
You **should** be prepared and
pack right.
You don't want to get sick and have
a fright.

A vacation to the **mountains**
means walking a lot.
You should bring good shoes and
make sure you've got
Band-Aids and **ointment**,
just in case
You cut yourself or get a rash all over
the place.

Going on **vacation** is a lot of fun,
But accidents can happen to anyone.
You **should** be prepared and
pack right.
You don't want to get sick and have
a fright.

A vacation to the **beach**
means sun and water.
You shouldn't forget your hat,
and just in case it gets hotter,
Drink a lot of liquids and make sure
you stay cool.
You don't want a **temperature**
when you're at the pool.
