

YEAR 6
UNIT 10

Choose the correct words to complete the speech.

Good morning to the headmaster, teachers, and fellow friends. I am Mark Adam from 6 USM. I am here to present a speech on the topic 'Ways to stay safe from strangers'.

Firstly, you must not anything from strangers. They might offer you things like candies to you. To politely refuse, you can thank them and walk away .

Besides, do not walk . It is much safer to with your friends or family members. If you still have to walk alone, avoid walking through streets.

What if a stranger follows you? You can walk towards a police officer or any safe strangers you. Tell them you are in and quickly ask or shout for help.

Other than that, you can also walk into any safe place as soon as possible. Examples of safe places are restaurants and grocery stores. Bear in mind that the type of a safe place is in a busy public area.

I hope this can help you to stay safe from strangers. Thank you for listening.
