What do you know about recycling? Listen and read.

# Help the Earth - Recycle!

Recycling is using _____ you don't need any more to make _____ new. This helps the Earth because we don't make so much rubbish.

We can't recycle _____, but we can recycle metal, paper, glass and plastic. For example, we can recycle empty metal cans of soft drinks, boxes and glass bottles. We can use old plastic bottles to make new bottles and also shoes and clothes.

_____ can recycle: just put metal, paper, glass and plastic in the recycling bins, not in the rubbish. So, next time you clean your room, think: What can I recycle?

VALUE Help protect the environment.
