Read the following paragraph about Starbucks Coffee.

Starbucks Corporation is an American coffee company and coffeehouse chain. Starbucks was founded in Seattle, Washington in 1971. As of 2017, the company operates 27,339 locations worldwide.

Starbucks is considered the main representative of "second wave coffee", initially distinguishing itself from other coffee-serving venues in the US by taste, quality, and customer experience while popularizing darkly roasted coffee. Since the 2000s, third-wave coffee makers have targeted quality-minded coffee drinkers with hand-made coffee based on lighter roasts, while Starbucks nowadays uses automated espresso machines for efficiency and safety reasons.

Starbucks locations serve hot and cold drinks, whole-bean coffee, micro-ground instant coffee known as VIA, espresso, caffe latte, full- and loose-leaf teas including Teavana tea products, Evolution Fresh juices, Frappuccino beverages, La Boulogne pastries, and snacks including items hips and crackers; some offerings (including their annual fall launch of the Spice Latte) are seasonal or specific to the locality of the store. Many stores sell pre-packaged food items, hot and cold sandwiches, and drinkware including mugs and tumblers; select "Starbucks Evenings" locations offer beer, wine, and appetizers. Starbucks-brand coffee, ice cream, and bottled cold coffee drinks are also sold at grocery stores.

Starbucks first became profitable in Seattle in the early 1980s. Despite an initial economic downturn with its expansion into the Midwest and British Columbia in the late 1980s, the company experienced revitalized prosperity with its entry into California in the early 1990s. The first Starbucks location outside North America opened in Tokyo in 1996; overseas properties now constitute almost one-third of its stores. The company opened an average of two new locations daily between 1987 and 2007.
