

Questions 156–158 refer to the following instructions.

Thank you for purchasing a Safety Pro Car Seat from the Whitman Corporation. Car seats can only protect your children when they are installed properly, so please carefully read and then follow the instructions below.

- ✓ Do not install this car seat in the front seat of your vehicle. It is meant only to be installed in the back seat.
- ✓ If your child weighs fewer than 10 kilograms or is 18 months of age or younger, the car seat should be positioned facing the rear. Children who are both 18 months of age or older and who weigh 10 kilograms or more may sit in seats facing forward.
- ✓ Pull the seatbelt through the belt path while ensuring that there are no twists. Then, lock the seatbelt in place.
- ✓ Pull the seatbelt tightly so that the car seat fits securely. Side-to-side movement decreases the effectiveness of the car seat.
- ✓ Place your child in the car seat and then adjust the straps to guarantee that the child fits snugly within the seat. Your child should not wear a jacket while riding in the car seat.

TO: James Walker <jwalker@ssuncorp.com>
FROM: Helen Trent <htrent@westing.com>
SUBJECT: Repair Work
DATE: July 16

Dear Mr. Walker,

I am writing to you with regard to the repair work that a team from your firm did on the main office's air conditioning system last week. Since the work was completed on Thursday, I have received several complaints from employees with regard to the excessive noise that the air conditioning system is making. The problem only arose after your repairmen departed, so I assume that the noise has something to do with the work that they did on the system. As I am sure that you can understand, the high level of noise is making it hard for everyone to concentrate on their work, so we have had to turn the system off. Naturally, we are all very hot due to the ongoing heatwave, so we are in need of a functioning air conditioning system. As per our contract, your company guarantees all the work it does, so I request that your repairmen return to my firm as soon as possible. Would you please be kind enough to inform me when this will be possible? I look forward to hearing from you soon.

Sincerely,

Helen Trent

Dear Kristin,

I opened my most recent copy of *Business Today* this morning, and imagine my surprise when I saw a picture of you. Congratulations on being featured in an article in the magazine. And well done on being promoted to vice president at Pinewood, Inc. I remember back when we were colleagues at Ceti Heavy Industries, everyone there knew that you were destined for great things. And it appears as though you are reaching your potential.

According to the article, you're going to be transferred to Omaha soon. As luck would have it, that is where I happen to work now. It would be great to have a chance to get together with you and to get caught up with each other. Why don't you e-mail me at daveb@tristan.com whenever you get a chance, and we can set up a mutually convenient time to meet? In addition, if you need to know anything about the city or need help finding a place to live, feel free to use me as a reference. I've been here for the past 6 years, so I'm quite familiar with the area.

Talk to you soon.

Yours,

Dave Babson
