PRACTICE 1-

Read the text below and choose the correct word for each space. For each question, mark the correct letter **A**, **B**, **C** or **D**.

The Boat Tara

The sailing boat Tara, (1) part of a science project to learn about the air, sea and								
ice in the Arctic. The scientists could not build a camp on the Arctic ice because it was too								
dangerous. (2) decided to use Tara as a camp instead and (3) September								
2006, the scientists sailed the ship into the ice. This is (4) the ship stayed for many								
mo	nths.							
Soon Tara was caught in the ice. The boat (5) with the ice, and travelled over								
5,200 kilometers. (6) that time the boat crossed the North Pole. The scientists								
could hear the ice making strange noises (7) they did not worry too much. On the								
500th day in the ice they (8) had a small party. Then, (9) four days later,								
the ice broke and Tara (10) free.
