Antara faktor berikut, yang manakah tidak mempengaruhi premium yang dibayar bagi insurans hayat?

*Which of the following factors does not affect the premium paid for life insurance?*

A Umur / *Age*

B Jantina / *Gender*

C Bangsa / *Race*

D Nilai muka insurans / *Face value of insurance*

#### SOALAN 3

Berdasarkan maklumat di bawah, hitung premium yang dibayar oleh pemegang polisi.

*Based on the information below, calculate the premium payable by the policyholder.*

|                                                                |            |
|----------------------------------------------------------------|------------|
| Nilai muka polisi<br><i>Face value of policy</i>               | RM 180 000 |
| Kadar premium per RM 1 000<br><i>Premium rate per RM 1 000</i> | RM 6.56    |

A RM1 180.80

C RM2 080.45

B RM1 771.20

D RM2 361.60

Jawab soalan 4 dan 5 berdasarkan jadual di bawah.

*Answer question 4 and 5 based on the table below.*

Jadual berikut menunjukkan kadar premium tahunan bagi setiap RM 1 000 nilai muka polisi insurans hayat.

*The following table shows the annual premium rate for every RM 1 000 face value of the life insurance policy.*

| Umur<br>(Tahun)<br><i>Age<br/>(Year)</i> | Bukan perokok<br><i>Non-smoker<br/>(RM)</i> |                            | Perokok<br><i>Smoker<br/>(RM)</i> |                            |
|------------------------------------------|---------------------------------------------|----------------------------|-----------------------------------|----------------------------|
|                                          | Lelaki<br><i>Male</i>                       | Perempuan<br><i>Female</i> | Lelaki<br><i>Male</i>             | Perempuan<br><i>Female</i> |
| 42                                       | 7.56                                        | 7.02                       | 9.23                              | 8.54                       |
| 43                                       | 8.12                                        | 7.63                       | 10.56                             | 9.83                       |

#### SOALAN 4

Anita yang berumur 42 tahun ialah seorang bukan perokok. Dia ingin membeli satu polisi insurans hayat dengan nilai muka RM140 000. Hitung premium yang perlu dibayar oleh Anita.

*Anita, 42 years old, is a non-smoker. She wants to buy a life insurance policy with a face value of RM140 000. Calculate the premium payable by her.*

- A RM846.80                      C RM928.60  
B RM882.80                      D RM982.80

#### SOALAN 5

Suresh yang berumur 43 tahun ialah seorang perokok. Dia ingin membeli satu polisi insurans hayat dengan nilai muka RM165 000 dan satu polisi penyakit kritikal sebanyak RM90 000. Kadar premium polisi penyakit kritikal ialah RM1.86 bagi setiap RM1 000. Hitung premium yang perlu dibayar oleh Suresh.

*Suresh, 43 years old, is a smoker. He wants to buy a life insurance with a face value of RM165 000 and a critical illness policy of RM90 000. The premium rate of the critical illness policy is RM1.86 per RM1 000. Calculate the premium payable by Suresh.*

- A RM1 742.80                      C RM1909.80  
B RM1 808.60                      D RM2 016.80

#### SOALAN 6

Ecik Kadir memiliki sebuah Honda Accord 2.0 di Selangor. Maklumat bagi kereta itu adalah seperti berikut.

*Encik Kadir owns a Honda Accord 2.0 in Selangor. The information of the car is as follows.*

|                                                               |            |
|---------------------------------------------------------------|------------|
| Jumlah yang diinsuranskan<br><i>Sum insured</i>               | RM 103 000 |
| Kapasiti enjin<br><i>Engine capacity</i>                      | 1998 cc    |
| Diskaun Tanpa Tuntutan(NCD)<br><i>No claim Discount (NCD)</i> | 25 %       |

Hitung premium kasar bagi kereta itu untuk polisi komprehensif,

*Calculate the gross premium for the car under the comprehensive policy.*

- A RM2 093.77                      C RM2 816.30  
B RM2 243.33                      D RM2 991.10

#### SOALAN 7

Puan Helen memiliki sebuah Myvi 1.5 di Sabah. Maklumat bagi kereta itu adalah seperti berikut. Madam

*Helen owns a Myvi 1.5 in Sabah. The information of the car is as follows.*

|                                                               |           |
|---------------------------------------------------------------|-----------|
| Jumlah yang diinsuranskan<br><i>Sum insured</i>               | RM 29 000 |
| Kapasiti enjin<br><i>Engine capacity</i>                      | 1496 cc   |
| Diskaun Tanpa Tuntutan(NCD)<br><i>No claim Discount (NCD)</i> | 45 %      |

Hitung premium kasar bagi kereta itu di bawah polisi pihak ketiga.

Calculate the gross premium for the car under the third party policy.

- A RM28.56                      C RM41.58  
B RM34.02                      D RM75.60

### SOALAN 8

Puan Sabariah memiliki sebuah Proton Persona 1.6 di Sarawak. Maklumat bagi kereta itu adalah seperti berikut.

*Puan Sabariah owns a Proton Persona 1.6 in Sarawak. The information of the car is as follows.*

|                                                               |           |
|---------------------------------------------------------------|-----------|
| Jumlah yang diinsuranskan<br><i>Sum insured</i>               | RM 35 000 |
| Kapasiti enjin<br><i>Engine capacity</i>                      | 1597 cc   |
| Diskaun Tanpa Tuntutan(NCD)<br><i>No claim Discount (NCD)</i> | 55 %      |

Hitung premium kasar bagi kereta itu di bawah polisi pihak ketiga, kebakaran dan kecurian.  
*Calculate the gross premium for the car under the third party policy, fire and theft policy.*

- A RM307.19                      C RM418.29  
B RM392.21                      D RM682.65

### SOALAN 9

Kim Siong mempunyai satu polisi insurans harta yang mempunyai peruntukan deduktibel sebanyak RM950. Dia mengalami kerugian dalam tiga bulan seperti yang ditunjukkan dalam jadual berikut.

*KimSiong has a property insurance policy with a deductible provision of RM950. He suffered three losses in three months as shown in the following table.*

| Bulan /Month | Kerugian / Loss (RM) |
|--------------|----------------------|
| Feb          | 470                  |
| Mei          | 810                  |
| Nov          | 625                  |

Tentukan bayaran pampasan yang boleh dituntut oleh Kim Siong pada bulan Mei.

*Determine the amount of compensation that can be claimed by Kim Siong in May.*

- A RM140                                      C RM425  
B RM330                                      D RM530

Jawab soalan 10 dan 11 berdasarkan jadual di bawah yang menunjukkan premium insurans pelancongan

*Answer question 10 and 11 based on the table below on the premium for travel insurance.*

| Bilangan hari<br><i>Number of days</i> | Pemegang polisi<br><i>Policyholder (RM)</i> |                         | Pemegang polisi dan pasangan<br><i>Policyholder and spouse (RM)</i> |                         | Keluarga<br>(Terhad 4 orang)<br><i>Family (Limited to 4 persons)</i> |                         |
|----------------------------------------|---------------------------------------------|-------------------------|---------------------------------------------------------------------|-------------------------|----------------------------------------------------------------------|-------------------------|
