Comparing Sets of Numbers and Ordering Sets from Least to Greatest and Vice-Versa

Napaghahambing ang mga pangkat o set gamit ang mga katagang "less than", "more than" and "as many as".

- ✓ Ginagamit ang katagang "less than" kapag ang bilang o halaga ng isang set ay mas kaunti kumpara sa isa pang set.

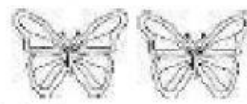

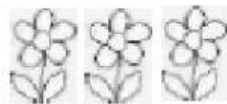

Halimbawa:

Limang bilog "less than" pitong bituin

- Ginagamit ang katagang "more than" kapag ang bilang o halaga ng isang set ay mas marami kumpara sa isa pang set.

Halimbawa:

Tatlong bulaklak "more than" dalawang paru-paro

- Ginagamit ang katagang "as many as" kapag ang bilang o halaga ng isang set ay kasing dami ng isa pang set.

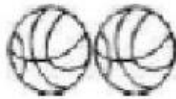

Halimbawa:

Apat na karot "as many as" apat na mansanas
