**NOT UNUSUAL YOU THINK?** But Nabi is \_\_\_\_\_ years old.

.....

Nabi lives on the island of Okinawa, in Japan. In Okinawa people live a very long time. They are hardly ever ill. Many people live to be 100 – more people than in other parts of the world. Why? What is their secret?

### READING

1. Read the rest of the article. What is unusual about Okinawan people? Put a heading in each gap.

1 \_\_\_\_\_

The Okinawans eat vegetables, fruit, fish, soya and **rice**.

They usually have seven portions of fruit and vegetables a day. People don't usually drink much alcohol or smoke.

They don't eat much **meat** or fast food.

2 \_\_\_\_\_

Physical activity is very important for the people of Okinawa. Martial arts, walking, traditional dancing, and gardening are very popular with people of all ages.

3 \_\_\_\_\_

In many countries people have healthy diets and do exercise. But the **unusual** thing about the people in Okinawa is that they are not stressed. They are relaxed and **take their time**. Buses are hardly ever on time, and people often arrive an hour late for meetings. Every evening hundreds of people, young and old, go to the beach to watch the beautiful **sunset**. People often meditate to relax.

4 \_\_\_\_\_

Another important thing is that people often work until they are 80 – sometimes until 90! In the Okinawan dialect, there is no word for 'retired'. They are **busy** and active all their lives. Old people don't **stay at home** – they go out and meet friends.

When journalists ask people 'What is the secret of your long life?', they answer 'We are happy, we are always positive, and we are never in a hurry'.

**ALWAYS ACTIVE**

**LOW STRESS**

**EXERCISE**

**A HEALTHY DIET**
