| Concepts | | | | | | | | |
| Compare the following numbers using <,> or =. | | | | | | | | |
| 1. | 25 5 | 2 | | | (2) | | | |
| 2. | 102+65 | 267-1 | 100 | | (2) | | | |
| 3. | 2 510 | 2 501 | L | | (2) | | | |
| Order the following numbers from least to greatest. (2pts each) | | | | | | | | |
| 4. | 253 | 207 | 586 | 456 | | | | |
| | <u> </u> | | _ | | | | | |
| 5. | 10 859 | 10 985 | 10 | 589 | 10 958 | | | |

Fill in the chart to complete the numbers to show its rounded form. (10 pts)

| Numbers | Tens | Hundreds | Thousands |
|-----------|--------|-----------|-----------|
| 1 586 | | 1 600 | |
| 2 354 | | | 2 000 |
| 12 512 | 12 510 | | |
| 213 148 | | | 213 000 |
| 1 895 638 | | 1 895 600 | |

Computation

Calculate the answer to the following problems, then select the correct answer. (2 pts each)

$$1.897 + 135$$

$$3.814 - 368$$

- a. 509
- b. 446
- c. 735
- d. 552

Application

Read each problem carefully, next calculate the correct answer.

1. Bahamas air flew a total distance of 5 886 miles in one week. Round this number to the nearest thousands.

Answer: ______(2)

| Monday they sold 258 cookies, on Tuesday they sold 582 cookies, on Wednesday they sold 375, on Thursday 537 and Friday 528 cookies. Arrange the amount of cookies sold from greatest to least. (2) |
|--|
| Ans: |
| 3. Thelma Gibson Primary School has 875 students. Sandilands Primary has 652 students. How many more students does Thelma Gibson have than Sandilands Primary? (2) |
| Answer: students |
