Zoom is a \_\_\_\_\_ that allows us to have virtual class in real time. Although we meet at the same time every day on Zoom, the time when students do their homework is \_\_\_\_\_.

It's necessary to have \_\_\_\_\_ to Wi-Fi. You will also need a digital \_\_\_\_\_, such as a \_\_\_\_\_, laptop, or smartphone.

It's important to use good digital \_\_\_\_\_ when attending an online class or meeting. For example, it's better to use the "raise hand" \_\_\_\_\_ if you have a question, so you won't have to \_\_\_\_\_ the host. If you are busy taking care of your children for a few minutes, you can \_\_\_\_\_ the \_\_\_\_\_ and put your \_\_\_\_\_ on "mute".

In a face-to-face class, it's easy to work with a group. In a \_\_\_\_\_ class, we often use \_\_\_\_\_ rooms for group \_\_\_\_\_. Instead of handing out worksheets, the teacher might \_\_\_\_\_ homework to do on a \_\_\_\_\_ such as ESL Library.
