8 Tickets for children cost £2.50.	TRUE	FALSE

READING part 1

3. Read and write Alan, Monica or Both.

My name is Alan and I live in the outback in Australia. My life is very different from children living in a city or a village. My parents, my younger brother and I live on a farm in the outback. There aren't any houses around us and we don't see other people very often.

I have homework every day, but I don't go to school. I study at home with the 'School of the Air'. I've got a teacher and we use a laptop and the internet to talk. We talk every morning on the computer and then I usually do my homework. I send my homework by post or by email. In my free time, I like drawing pictures of kangaroos and koalas and watching films on TV. My favourite film star is Hugh Jackman.

I'm Monica and I live in Los Angeles in the USA. My mum usually takes me to school by car or sometimes I get the school bus. I play games on my tablet or finish my homework on the way.

At the weekend I like going to the beach with my brother, Zak. I'm older than Zak, but he's better at surfing than I am. I sometimes go with my friends to the cinema on Saturday. My grandfather acted in many films and he was famous. I want to be like him, too! And I want to travel to Australia and South Africa. My favourite animals are koalas, hippos and elephants.

LIVEWORKSHEETS

Who ...

1. lives with animals? ____

3. travels to school? ____
4. likes wild animals? ____
5. uses the computer to do homework? ____
6. has got a younger brother? ____
7. wants to visit other countries? ____

READING part 2

4. Read and choose the correct option.

Norwich castle is a medieval castle in Norfolk, England. It's over 900 years old and a famous queen, Queen Boudica, lived there a long time ago. Today, it's a museum and an art gallery. Here you can see collections of art and natural history.

In the Anglo-Saxon and Viking Gallery you can find out about how people lived in Norfolk after the Romans went away. There are beautiful watercolour landscapes in the Landscape and Nature Gallery. There are many more things to do at Norwich Castle.

Dungeon tours take you to secret parts of the castle. You can hear amazing stories, but children must go with an adult. You need to pay extra for this tour – £2.40 for adults and £1.80 for younger people (5–16 years old). For younger children (aged 2–4) there's a new activity called 'Snapdragons'. Once a month, children can discover all about different museum objects. This costs £2.50 for each child.

Get more information about Norwich Castle and its activities on their website.

1. Norwich castle is ...
   a 900 years old. **b** more than 900 years old.
