

DRAG AND DROP

bead match socket chemicals knife drugs scissors socket

LIVEWORKSHEETS

Task 1. Answer
True or false? Check (✓) the boxes. Correct the false sentences.

Safety Precautions in the Home

- You must put all chemicals and drugs in locked cupboards. Children may drink or eat these things because they look like soft drinks or candy.
- You must not let children play in the kitchen. The kitchen is a dangerous place.
- You have to make sure children do not play with matches. Each year, fire destroys homes and injures children because someone plays with matches. Remember, it only takes one match to cause a fire.
- You must cover electrical sockets so that children do not try to put anything into them. Electricity can kill.
- You have to keep all dangerous objects out of children's reach. These include scissors, knives, and small objects such as beads.

a) It is safe to leave medicine around the house. ☐

b) Drugs can look like candy. ☐

c) A kitchen is a suitable place to play. ☐

d) Playing with one match cannot start a fire. ☐

e) Putting a knife into an electrical socket is dangerous. ☐
