

Sumas y restas combinadas.

Ficha 2

1. Resuelve las siguientes operaciones.

$$6 - 1 + 5 =$$

$$5 - 4 + 2 =$$

$$(7 - 3) + 2 = \boxed{}$$

$$(3 + 4) - 5 = \boxed{}$$

2. Elige la operación correcta y resuelve el problema.

Safa tiene 4€. Su madre le ha dado otros 5€. Después ha ido al mercado y ha comprado 10 manzanas por 3€, ¿Cuánto dinero le queda?

Le quedan €.

A diagram illustrating a mathematical operation. At the top, there are three empty boxes connected by a horizontal line. Below this line is another row of three boxes. The first box in this row has a plus sign (+) above it, the second box has a minus sign (-) above it, and the third box is empty. Arrows point from each of these three boxes down to a row of two empty boxes. Finally, an arrow points from the bottom-left box in this row down to a single empty box at the bottom right.
