

# THỎ TÌM NHÀ

The worksheet is set against a green grassy field background with a row of colorful flowers at the bottom. There are six white rabbits and six yellow houses, each with a math equation. The rabbits have numbers on their backs: 50, 35, 5, 24, 6, and 40. The houses contain the following equations:

- Top Left House:  $x + 12 = 36$
- Top Right House:  $x \times 6 = 30$
- Middle Left House:  $x - 25 = 15$
- Middle Right House:  $x : 7 = 5$
- Bottom Left House:  $80 - x = 30$
- Bottom Right House:  $42 : x = 7$

The rabbits and their corresponding numbers are:

- Rabbit 1: 50
- Rabbit 2: 35
- Rabbit 3: 5
- Rabbit 4: 24
- Rabbit 5: 6
- Rabbit 6: 40

The correct matches are: Rabbit 50 to the top-left house ( $x + 12 = 36$ ), Rabbit 35 to the top-right house ( $x \times 6 = 30$ ), Rabbit 5 to the middle-right house ( $x : 7 = 5$ ), Rabbit 24 to the middle-left house ( $x - 25 = 15$ ), Rabbit 6 to the bottom-right house ( $42 : x = 7$ ), and Rabbit 40 to the bottom-left house ( $80 - x = 30$ ).
