Moustache

I like women with a big- bass
Big eyes and hair on the face
I-I-I like women that are of grace
Big moustache, on the face

Too many, too , too many, too many
Too many, too many lovers

I know you me, now don't be shy
Come get a-closer, and your eyes
Now tickle tickle, sexy in disguis

I know, I know you like my

I like with a big-big bass
Big blue eyes and on the face
I-I-I like from the top-top league
Swimsuit but the moustache big

Too many, too many, too many, too many
Too , too many lovers

I know you like me, now be shy
Come get a-closer, and close your
tickle tickle, sexy in disguise
I know you want me, me

I know, I know you like my
