Those cold days are _____ to us

I'm not saying times they won't get _____

We still got each other that's _____

I know life ain't simple for you, dear

But I'm here and I'm not going anywhere

I'm not saying "I know how you feel"

I just know that i can help you, dear

Don't lose your _____,

Don't lose you good _____

Just know this _____

That you'll be waking up in all these _____days

This is how you _____on

This is where you belong

And I'm not saying this isn't where you'll stay

But this is how you _____ on

This is how you _____on

The warm light of the evening sings so sweet

Cold grass underneath your dancing feet

These simple things mean more than I can say

These moments _____ for all past our days

Don't lose your _____

Don't lose you good _____

Just know this _____

That you'll be waking up in all these _____ days

This is how you _____ on

This is where you belong

And I'm not saying this isn't where you'll stay

But this is how you _____ on
