

Data Classification

Activity 8

Mariam wants to understand different data classifications for Machine Learning. Help her to identify what data classifications are being used.

Machine Learning Model: Sound Recognition Classifier

Class 1: Music

Class 2: Singing

Which classification type is it?

1. Numbers
2. Text
3. Audio

Machine Learning Model: Word Classifier

Class 1: Car

Car car car car car

Class 2: Bus

Bus bus BUS bus bus

Which classification type is it?

1. Numbers
2. Text
3. Audio

Machine Learning Model: Fruit Classifier

Class 1: 3

3 3 3 3 3

Class 2: 8

8 8 8 8 8

Which classification type is it?

1. Numbers
2. Text
3. Audio
