Song: Flying home

Listen to the song and fill in the blanks.

Out of the window, I can see

A ..... and a ..... below me.

There's an ..... in a ..... over there.

It looks very small from the air.

The ..... are over and we're on a plane,

Flying home and back to school again.

From up here, high in the sky,

I can see the ..... passing by.

There's a ..... in a forest on the right.

This ..... is a beautiful sight.

Chorus

From my window, I can see

A big town below me.

There are lots of little ..... and streets, too,

And cars and ..... in a queue.

Chorus
