

Add / subtract the note values below. See the first example. Show your working.

E.g. $\underset{2}{\text{half note}} + \underset{2}{\text{half note}} + \underset{1}{\text{quarter note}} = \boxed{5 \text{ beats}}$

1: $\text{whole note} + \text{whole note} + \text{half note} + \text{half note} = \boxed{ \text{ beats}}$

2: $\text{half note} + \text{half note} + \text{whole note} - \text{half note} = \boxed{ \text{ beats}}$

3: $\text{whole note} - \text{half note} + \text{half note} + \text{half note} = \boxed{ \text{ beats}}$

4: $\text{half note} + \text{half note} - \text{half note} + \text{half note} + \text{half note} = \boxed{ \text{ beats}}$

5: $\text{half note} + \text{half note} + \text{half note} + \text{half note} + \text{half note} - \text{half note} = \boxed{ \text{ beats}}$

6: $\text{whole note} - \text{half note} + \text{whole note} + \text{half note} = \boxed{ \text{ beats}}$
