it's a great thing to do

it would be an exciting opportunity

Yes, absolutely

learn a language much quicker

I'm too old and I wouldn't want to leave my family

opportunity to learn about the culture

handling money is quite complicated

see how people live their lives

missing your routine because it's comfortable

having to learn a new language

money, availability of jobs

moving away from family and friends

another culture broadens your horizons

be a part of a new culture, get out of your daily routine

homesickness, missing your family,

communication

perhaps a better climate
