Instructions: Find the underlined words in the above word search.

In the exam, there will be a specific theme, but also different concepts. The question may ask us to find an antonym and synonym, or they could ask us to compare, define, explain, find or identify. Each of these words have a specific instruction to carry out. In summary writing, we need to write our sentences in bullet point form, not as a paragraph. Punctuation marks to remember are a comma or exclamation mark. Command verbs are imperative verbs, and they give instructions. We also need to be familiar with characters such as Miss Honey, and Matilda Wormwood.
