

Name: _____ Group: _____

Find the Verbs

A **verb** is a part of speech that describes an action, occurrence, or indicates a state of being. Some verbs in a sentence describe what the subject of a sentence is doing. You might find other verbs in a sentence too!

Directions: Circle the verbs in each sentence.

1. Thomas Edison invented the light bulb.
2. The spaceship launched from a base located in Florida.
3. My best friend nominated himself for class president today.
4. Sarah named her new baby kitten Fluffy.
5. We explored the cavern for any amazing new discoveries.
