Reading Comprehension

A STRANGE NIGHT

That was a cold and stormy night. Everybody in the family went to bed earlier than usual, but I decided to stay in the living room reading a new novel about mystery events. Suddenly something happened in the kitchen, I heard a strange noise. I stood up and went rapidly to see what was happening. I couldn't see anything out of the ordinary. Everything was calm and quiet. I came back to the living room and kept on reading my book... When I opened the second page, I heard a noise coming from the front window and a shadow disappearing in the night...when I looked through the window I saw nobody. Was the mysterious novel becoming true?? Then, I decided to go to bed and forget about that scary night.
