History Maker

Can you my heartbeat?
Tired of feeling never enough
I my eyes and myself
That my dreams will come true

There'll no more darkness
When you in yourself, you are unstoppable
Where your destiny lies, dancing on the blades
You set my heart on fire

Don't stop us now, the moment of truth
We were born to history
We'll make it happen, we'll turn it around
Yes, we were born to make history
Born to make history
Bo-bo-born to make history

Don't us now, the moment of truth
We were born to make history
We'll make it , we'll turn it around
Yes, we were born to make history

We were born to make history
We were born to make history
Yes, we were born to make history
