Listen to the song and complete the words missing

Tender stray by Christian Marsac & Pete Davis

The hand that shapes the ……..
turn round until
the dreams that you lost
start to count the …….

A thousand grains of sand
…….. right through my hands
Hours moving slow
now I'm letting go

Time goes slowly
It was never meant to last
bittersweet will ……. and pass
Time goes slowly
Secret that you'll never know
never know

The promises we …….
as daylight starts to fade
the moon will bring the ……..
skies open wide
Can't but want for more
give in to the …….
stories yet untold
waiting to unfold

Time goes slowly
It was never meant to last
bittersweet will fade and pass
Time goes slowly
Secret that you'll never know
never know
Secret that you'll never know
never know

A thousand grains of sand
slip right through my hands
Hours moving slow
now I'm letting go
