- B. cough

- C. matter

- D. sore throat

10. What's the object pronoun?

- A. you

- B. us

- C. them

- D. him

IV. Read the passage and answer the questions.

My name's Paul. I'm from South Africa. Last year I visited the Kalahari Desert. It is usually dry and hot there. The sand is red and the wind forms it into fantastic shapes.

A lot of plants and animals live in the Kalahari. My favourite animals were the meerkats. They live in big family groups. We watched them play together. They were very funny!

One day it rained and the next day was amazing. Everything was green! Our guide explained that the seeds wait in the sand, and when there is water they grow as quickly as they can.

South Africa

meerkats

1. Where is Paul from?

2. Where is the Kalahari Desert?

3. What color is the sand?

4. Do any animals live in the Kalahari?

5. What color does everything become when it rains?
