Turns blue cobalt chloride paper to pink	Relights a glowing splint TEST		
GASES			
OXYGEN	1		
CARBON DIOXIDE	7.		

	SCIENCE
REVIS	SION 1: GASES IN THE AIR
1. Complete the following	; :
Gives a 'pop' sound with lighted	d splint Turns limewater to white precipitate
Turns blue cobalt chloride paper	Relights a glowing splint
GASES	TEST
OXYGEN	
CARBON DIOXIDE	7.
WATER VAPOUR	
HYDROGEN 2. Fill in the table below to	o complete the composition in the air. PERCENTAGE IN AIR
2. Fill in the table below to	o complete the composition in the air. PERCENTAGE IN AIR
2. Fill in the table below to GASES NITROGEN	
2. Fill in the table below to GASES NITROGEN	
2. Fill in the table below to GASES NITROGEN	PERCENTAGE IN AIR
2. Fill in the table below to GASES NITROGEN	PERCENTAGE IN AIR 0.03%
	0.03% 1%
2. Fill in the table below to GASES NITROGEN OXYGEN	0.03% 1%
2. Fill in the table below to GASES NITROGEN OXYGEN	0.03% 1% Varying from place to place.
2. Fill in the table below to GASES NITROGEN OXYGEN 3. Air is a mixture of sever	PERCENTAGE IN AIR 0.03% 1% Varying from place to place. ral gases. Name a gas in air which:
2. Fill in the table below to GASES NITROGEN OXYGEN 3. Air is a mixture of sever a) turns lime water mill b) support combustion	PERCENTAGE IN AIR 0.03% 1% Varying from place to place. ral gases. Name a gas in air which: lky (white precipitate):
2. Fill in the table below to GASES NITROGEN OXYGEN 3. Air is a mixture of sever a) turns lime water mile b) support combustion c) turns cobalt chloride	PERCENTAGE IN AIR 0.03% 1% Varying from place to place. ral gases. Name a gas in air which:

2	Air is a	mixture of	coveral	gases	Name	gas in	air w	hich.
Э.	All IS C	I IIII KLUI E UI	Several	gases.	Ivallie c	Eas	I all VV	HICH.

a)	turns lime water milky (white precipitate):
b)	support combustion:
c)	turns cobalt chloride paper pink:
٩)	is unreactive and plentiful in air:
