Part 3: *Read the text below and answer questions 17 – 24.*

The ostrich is the largest bird in the world that cannot fly. It can reach a height of 2.5 metres and weigh about 150 kilogrammes. It has a long featherless neck, a small flat head and large eyes. The legs are long with two toes on each foot. The ostrich cannot fly because it is too heavy and has small wings. However, it can run very fast – almost as fast as a horse and can reach a speed of about 75 kilometres an hour. When an ostrich runs, it flaps its wings.

Ostriches live in the savannah which is an open, grassy and sandy area. They do not live in areas like deserts because they prefer to stay close to places which have water.

Ostriches feed mainly on seeds, shrubs, grass, fruit and flowers. Occasionally, they also eat insects such as locusts. Since ostriches do not have teeth, they swallow gravel to grind their food. An adult ostrich can carry nearly one kilogramme of stones in its stomach.

Kittens For Sale

There was a 'Kittens For Sale' sign on a pet shop door.

The sign attracted many young children. It was of no surprise that a girl saw the sign and went into the pet shop. "How much are you going to sell the kittens for?" she asked.

The pet shop owner replied, "I am asking for RM50."

The little girl pulled out some money from her pocket. "I have RM 2," she said. "Can I please look at them?"

The pet shop owner went on and opened the cage. One of the kittens ran out of the cage and followed by another five cute kittens.

One kitten was limping behind. It was trying to join the rest of the litter.

The girl looked at the kitten and said, "What's wrong with that little kitten?"

The pet shop owner explained that the veterinarian had examined the little kitten. He discovered that it would always be lame due to a structural birth defect.

The girl became excited. "That is the kitten I want to buy."

The shop owner said, "No, you don't need to buy that little kitten. I can let you have it for free if you really want it."

The girl's excitement turned sour. The girl was upset and looked into the pet shop owner's eyes and said, "I don't want him for free. The kitten is worth every bit like other normal kittens. In fact, I'll give you RM2 now and 50 cents a month until I have him fully paid for."

The pet shop owner was shocked and countered, "You really don't want to buy that one because he won't able to run and jump like any other kittens."

To his surprise, the girl reached down her trousers and rolled up to expose a crippled leg supported by a big metal brace. She looked at the pet shop owner and continued, "Well, I don't run myself, and the kitten needs someone who understands!"
