Diphthongs OU and OW

A diphthong is a vowel sound made by combining two vowels.

The diphthongs ou and ow makes the "ow" sound. Like, ow! I hurt my finger. They may look different, but they make the same sound. They can be placed at the beginning, end or even the middle of words! Here are some /ou/ /ow/ words:

loud

cow

clown

cloud

mouth

howl

owl

couch

hound
