My name is Paul. I'm 14 years old, and I'm from Florida. My week routine is not so simple. First, I get up at 5:30 in the morning from Monday to Thursday. Then, I take a shower and I have breakfast. I have bread and cheese and a cup of coffee with milk for breakfast. After that I take the train to go to school. I have classes at 7:40. At school, I study and I meet my friends, too. Later, I finish my classes and I have lunch at the school buffet at 12:15 in the afternoon. I always have a sandwich for lunch. Next, I go home. In the afternoon, I watch tv and I take a nap. Later, I go to the club by bicycle at 6:00 in the evening. I play football on Monday and Tuesday, and I swim on Wednesday and Thursday. Friday is my free day! I go out with my friends. We go to the cinema or to the park. We like to listen to music and to eat some snacks. After the club, I go home, and I have dinner with my family. At home, I do my homework and my parents watch a movie on tv. Finally, I go to bed at 23:30 at night.
