- A. soap opera
- B. cartoon
- C. Both of them

6. There is ... near the man.

- A. a spider
- B. a centipede
- C. a moth

IV. Read and write True or False.

We did a survey of the class recently. We discovered that young people use their allowance in very different ways. In a class of thirty children, fifteen put all their money in a piggy bank. A boy called Oliver decided to save only quarters, but now he's got quite a lot of money. A girl called Chloe asked for a money box for her birthday, because she wanted to save her money to buy a more expensive present for her mother's birthday. It's very easy to spend money that's in your wallet or purse. It's more sensible to keep your coins and bills (if you have any!) in your money box.

- False** 1. Young people mainly spend their allowance in a same way.
- _____ 2. Fifteen children keep their money in a piggy bank.
- _____ 3. Oliver saved only bills.
- _____ 4. Chloe wanted to save her money to buy a present for her sister's birthday.
- _____ 5. Chloe asked for a money box for her birthday.
- _____ 6. It's not easy to spend money that's in your wallet or purse.

Good luck 😊
