L.B. and Pasqual enter into a **contract**.

**contract** = legal, verbal agreement between 2 people or groups

Notice these points:

1) **legal** → a contract is a **LAW** between the people who agreed to it; if someone breaks the contract, s/he may have to pay huge fines (money) or go to jail

2) **verbal** → **words** make the contract, oral (spoken) or written; most people prefer written contracts because it's easy to lie about what you said, but not about what you signed
