Reading Comprehension Worksheet For Grade 1

Little Cat

I got a little cat for my birthday. My mom put her in a small box. I opened the box and smiled. I saw a little brown kitten! She had a pink bow around her neck. She would make sounds if I took her out of her box. She always licked my nose when I took her in my arms. I named her Kathy. We played every day with a ball of yarn. She sleeps with me on my bed every night.
